DYNAMIC LANGUAGE

# Premium Language Services for All of Your eLearning Needs

Need to adapt your training and eLearning courses for global markets? Our language experts will ensure your courseware aligns with audience expectations across languages and cultures while still maintaining your brand voice.

As a global top 100 language services provider with over 35 years of expertise in customisation for 200+ languages, you can partner with us to scale as you adapt your training and eLearning materials easily for multilingual markets.

## We Are eLearning Translation Experts

We've spent years refining our eLearning translation services to ensure your content is quickly and seamlessly translated with high accuracy and localised for new language markets.

We understand all parts of the eLearning translation process including:

- Translation
- DTP + Layout
- Graphic Customisation
- Subtitling
- Captioning
- Voice Over
- Modifying Testing Modules for Localisation
- Working with Preferred Platforms
- Managing In-Country Review
- Leveraging Existing Localised Content
- Quality Control

## Experience the Dynamic Difference

View eLearning Case Study

**"Excellent! Thank you so much for the quick turnaround time and attention to detail."**

– Leanne, TorranceLearning

**"Redesigning our website while simultaneously localizing the content into multiple languages was a big undertaking. Dynamic's Project Manager was able to organize the project schedule effectively and deliver on time and on budget. I was impressed."**

– Mark, Strategic Wealth Preservation
